Harrison, AR 72602-4650

Re: McKesson v. Estate of M. Grisham and C.C. Grisham

Mr. Grisham:

McKesson filed suit against you individually and as executor of the Estate of Mary Grisham on April 22, 2015 to halt the continued flagrant breaches of the Settlement Agreement that you and Ms. Grisham entered into with MMI and McKesson regarding the Arkwood site. The breaches consist of repeated, unauthorized communications by you and your son and agent, Charles Curtis Grisham, Jr. ("Curt"), with federal and state agencies without McKesson's consent, or even knowledge. McKesson has warned you repeatedly to cease all such contacts to no avail.

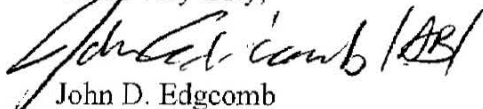

Now, even after McKesson has sued you to stop such unauthorized communications, we have learned from EPA that your son and agent, Curt, as recently as yesterday, brazenly continues to engage in just such unauthorized communications regarding the Arkwood site in further breach of the Settlement Agreement.

Accordingly, we write to you to:

- 1) inform you of these continued breaches of the Settlement Agreement being engaged in on your behalf by your son and agent, Curt Grisham;
- 2) demand that you immediately contact your son and agent, Curt Grisham, and demand that he cease forthwith from engaging in any further communications with federal, state or local agencies, as is your legal obligation under the Settlement Agreement;
- 3) request that you send a written confirmation to McKesson counsel Don Smith by facsimile that you have demanded that your son and agent, Curt Grisham, cease engaging in any further communications with federal, state or local agencies; and
- 4) notify you that each and every further communication constitutes an additional breach of the contract justifying the additional award of damages against you and the Estate.

We await receipt of a copy of your letter confirming contact with your son and agent, Curt Grisham.

Yours very truly,

  
John D. Edgcomb

cc: C. Ungvarsky, McKesson  
D. Smith, Esq.
